**RE: Valvoline Instant Oil Change #14, Derry, NH  
EPA ID No. NHD986468684**

Dear Mr. Smith

On April 3, 2002, the Department of Environmental Services, Waste Management Division (DES) conducted an inspection of Valvoline Instant Oil Change #14 (Valvoline). The purpose of the inspection was to determine Valvoline's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Valvoline was issued Letter of Deficiency No. WMD 02-24 ("LOD"). Based upon a review of Valvoline's submittals dated August 5, 2002, and October 14, 2002, DES has determined that your facility has corrected the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor Valvoline's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Tim Prosper or John J. Duclos, Supervisor of the Hazardous Waste Compliance Section at (603) 271-2942. Thank you for your cooperation.

Sincerely,
